MEMBER OF THE AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS

#### INDEPENDENT AUDITOR'S REPORT

Honorable Chair
Members of the Commission
Central Wasatch Commission

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

I have audited the accompanying financial statements of the business-type activities, of Central Wasatch Commission (CWC) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise CWC's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Central Wasatch Commission as of June 30, 2023, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of CWC and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CWC's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered

material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
  due to fraud or error, and design and perform audit procedures responsive to those risks.
   Such procedures include examining, on a test basis, evidence regarding the amounts and
  disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of CWC's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CWC's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

#### Required Supplementary Information

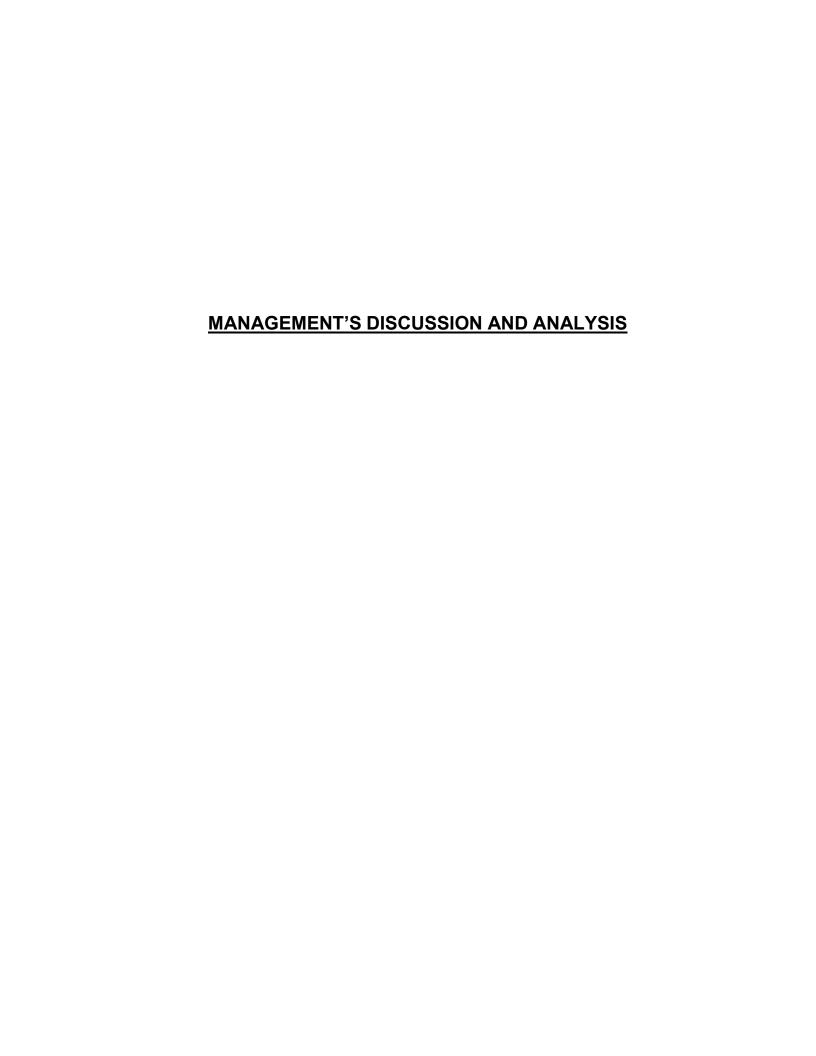

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-5 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, I have also issued a report dated July 28, 2023, on my consideration of CWC's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of CWC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering CWC's internal control over financial reporting and compliance.

Greg Ogden, Certified Public Accountant

Springville, Utah August 18, 2023

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Central Wasatch Commission (CWC), we offer readers of CWC's financial statements this narrative overview and analysis of the financial activities of CWC for the fiscal year ended June 30, 2023. We encourage readers to consider the information presented here in conjunction with the financial statements which follow this section.

Central Wasatch Commission was created with an inter-local agreement on May 30, 2019.

#### FINANCIAL HIGHLIGHTS

- The assets of Central Wasatch Commission exceeded its liabilities at June 30, 2023 by \$942,026.
- The total unrestricted net position of Central Wasatch Commission increased by \$56,235 during the year ended June 30, 2023.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to Central Wasatch Commission's basic financial statements. The CWC's basic financial statements consist of two components: 1) financial statements and 2) notes to the financial statements.

CWC uses proprietary fund accounting to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. Therefore, the financial statements are designed to provide readers with a broad overview of CWC's finances in a manner similar to a private-sector business.

- The Statement of Net Position represents information on all of CWC's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of CWC is improving or deteriorating.
- The Statement of Revenues, Expenses, and Change in Net Position represents information showing how CWC's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus all of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

• The Statement of Cash Flows shows what effect CWC's operating activities, investing activities, and financing activities had on cash flows. Cash is vital to all organizations, and this statement helps the reader understand how CWC received and used cash during the fiscal year being reported.

#### NOTES TO THE FINANCIAL STATEMENTS

The notes to the financial statements provide additional information that is essential for a more complete understanding of the data provided in the financial statements. The notes are an integral part of the financial statements.

#### FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of CWC, assets exceed liabilities by \$942,026.

Central Wasatch Commission's assets, liabilities, and net position are shownbelow as of June 30:

	CWC Activities	
	2023	2022
Current and Other Assets	946,097	939,845
Deferred Outflows of Resources and net		
pension asset	35,442	66,494
Current Liabilities	17,082	27,188
Noncurrent Liabilities	19,742	<u> </u>
Deferred Inflows of Resources	2,689	93,360
Net position		
Net Investment in Capital Assets	-	_
Unrestricted	942,026	885,791
Total net position	942,026	885,791

Central Wasatch Commissions changes in net position are shown below for the year ended June 30:

_	CWC Activities		
_	2023	2022	
Operating Revenues	476,625	605,000	
Operating Expenses	857,106	872,628	
Operating Income (Loss)	(380,482)	(267,628)	
Nonoperating Revenues (Expenses)	436,717	222,669	
Change in Net position	56,235	(44,959)	
Net position Beginning	<u>885,791</u>	930,750	
Net position Ending	942,026	885,791	

#### CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets – Central Wasatch Commission had a small investment in capital assets that were fully depreciated as of June 30, 2023.

Debt Administration – Central Wasatch Commission had no debt outstanding as of June 30, 2023.

#### **BUDGETARY HIGHLIGHTS**

The original budget was for revenues of \$813,204 and expenses of \$813,204. The budgeted was modified to reflect revenues of \$959,001 and expenses \$959,001.

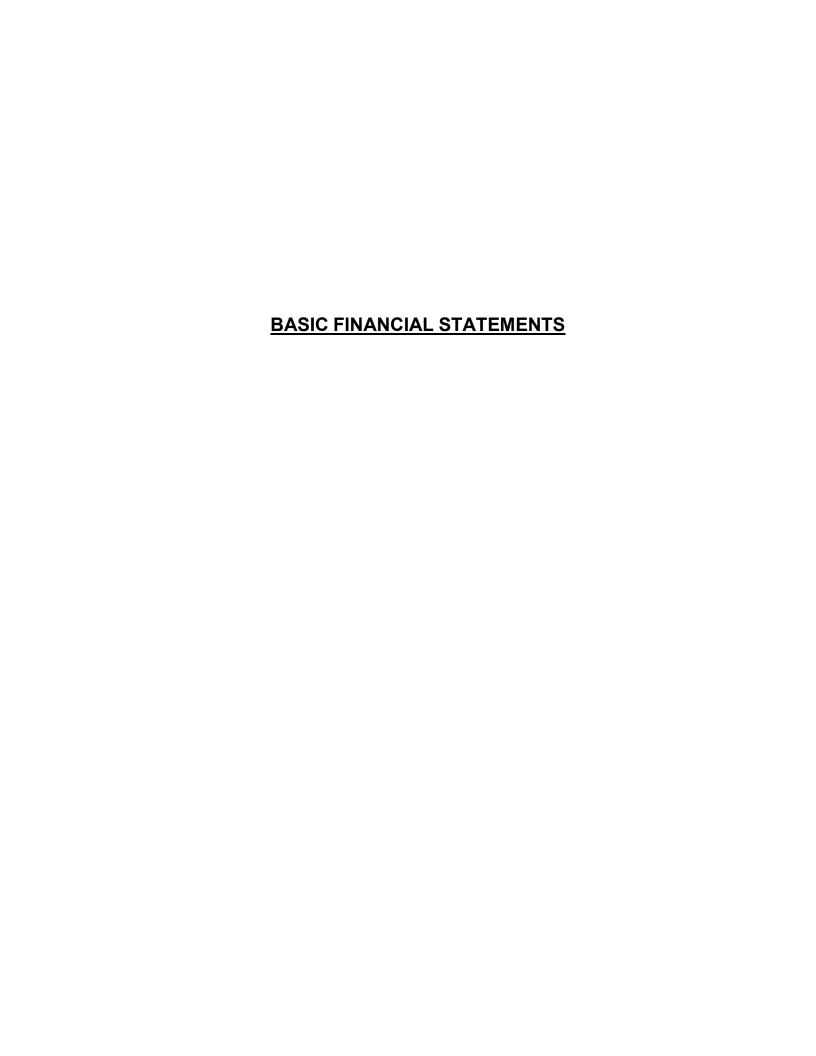

#### NEXT YEAR'S BUDGET

CWC's budget for the fiscal year ending June 30, 2023 includes revenues of \$869,850 and expenses of \$869,850.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of Central Wasatch Commission's finances for all those with an interest in CWC's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to:

Finance Director, 41 N Rio Grande St, Suite 102, Salt Lake City, UT 84101

#### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2023

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Central Wasatch Commission (CWC) have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Boards (GASB). The following is a summary of the more significant of CWC's accounting policies.

#### **Financial Reporting Entity**

Central Wasatch Commission is a separate legal entity and political subdivision of the State of Utah. It was formed by an interlocal agreement dated May 30, 2017, pursuant to the provisions of the Utah Interlocal Co-Operational Act. The area of focus is between I-80 and the Salt Lake County line south of Little Cottonwood Canyon. The Commission seeks to engage the public, build consensus, and coordinate the actions in the Central Wasatch Mountains. CWC's purposes include the following: 1) engage the public and collaborating with stakeholders; 2) seek transportation solutions focused on transit, walking, and biking; 3) develop visitor amenities and trails and focusing on canyon stewardship, and; 4) watershed protection.

The following governmental entities were financial contributors to CWC as of June 30, 2023:

Cottonwood Heights City Salt Lake City Salt Lake County Sandy City Brighton City Park City Summit County
Millcreek City
Town of Alta
Utah Transit Authority (Ex Offico)
Metro Water District (Ex Officio)
U.S. Forest Service (Ex Officio)

As of July 1, 2023, Salt Lake County has withdrawn from the organization.

The reporting entity is comprised of the primary government and other organizations that are included to ensure that the financial statements are not misleading. The primary government of CWC consists of all funds, departments, boards, and agencies not legally separate from CWC.

#### **Basis of Presentation**

CWC's basic financial statements consist of a statement of net position, a statement of revenues, expenses, and change in net position, and a statement of cash flows.

The statement of net position presents the financial position of the business-type activities of CWC at year-end.

Fund Accounting – CWC uses a proprietary fund to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts.

Proprietary Funds – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

#### **Measurement Focus**

Proprietary fund types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets and liabilities associated with the operation of these funds are included on the statements of net position. The statement of revenues, expenses, and change in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how CWC finances and meets the cash flow needs of its proprietary activities.

#### **Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Proprietary funds use the accrual basis of accounting at all reporting levels. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when the liability is incurred or the economic asset is used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange takes place.

Revenues – Exchange Transactions – Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Revenues – Non-exchange Transactions – Non-exchange transactions, in which CWC receives value without directly giving equal value in return, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which CWC must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to CWC on a reimbursement basis.

Expenses/Expenditures – On the accrual basis of accounting, expenses are recognized at the time they are incurred, if measurable.

#### Assets, Liabilities and Fund Equity

#### Cash, cash equivalents, and investments

Cash and cash equivalents include cash on hand, demand deposits with banks and other financial institutions, and deposits in other types of accounts or cash management pools that have the general characteristics of demand deposit accounts. CWC'sinvestment policy allows for the investment of funds in time certificates of deposit withfederally insured depositories, investment in the Utah Public Treasurer's Investment Fund (Fund) and other investments allowed by the State of Utah's Money Management Act. Investments are reported at fair value. The Fund operates in accordance with statelaws and regulations. The reported value of CWC's cash in the Fund is the same as thefair value of the Fund shares.

Cash equivalents are defined as short-term highly liquid investments that are both readily convertible to known amounts of cash and so near maturity that they present insignificant risk of changes in value because of changes in interest rates. Investments with maturities of three months or less, when purchased, meet this definition.

#### Restricted assets

Cash which is restricted to a particular use due to statutory, budgetary or bonding requirements is classified as "restricted cash" on the statement of net position and on the balance sheets. Restricted cash would be spent first and then unrestricted resources would be used when the restricted funds are depleted. CWC had no restricted assets at June 30, 2022.

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until then. CWC currently has deferred outflows of resources related to pensions.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until then. CWC currently has deferred inflows of resources related to pensions.

#### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plans (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Fund equity**

Net Position Flow Assumptions – CWC has established a flow assumption policy to use restricted net position first before using unrestricted net position.

Net Position – The net position represents the difference between assets and liabilities. The net position component, net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. The net position is reported as restricted when there are limitations imposed on its use either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The balance of the net position is reported as unrestricted.

#### **Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of each fund. All other revenues and expenses are classified as non-operating including investment earnings, interest expense, and the gain or loss on the disposition of capital assets.

#### **Contributions of Capital**

Contributions of capital reported in proprietary fund financial statements arise from outside contributions of capital assets (e.g. member cities), and grants or outside contributions of resources restricted to capital acquisition and construction.

#### **Estimates and Assumptions**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from estimates.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **Budgetary Information**

Prior to the first regularly scheduled meetings of the Board in May, the Board submits a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenses and proposed sources of revenues.

Between May 1 and June 22, the Board members review and adjust the proposed budget. On or before June 22, a public hearing is held and the budget is legally adopted through passage of a resolution.

Under Utah State law, CWC's budget establishes maximum legal authorization for expenses during the fiscal year. Expenses are not to exceed the budgeted amounts, including revisions, except as allowed by the code for certain events.

Annual budgets for the proprietary fund are legally adopted by CWC and prepared on the accrual method of accounting.

#### **NOTE 3 – CASH AND INVESTMENTS**

CWC maintains cash and investment accounts. Cash accounts are not collateralized nor are they required to be by State statute. Investments are stated at cost or amortized cost, which approximates fair value.

Cash deposits and investments for CWC are governed by the Utah Money Management Act (*Utah Code Annotated*, Title 51, Chapter 7) (The Act) and by rules of the Utah Money Management Council (the Council). Following are discussions of CWC's exposure to various risks related to its cash management activities.

#### **Custodial Credit Risk**

Custodial credit risk for deposits is the risk that in the event of a bank failure, CWC's deposits may not be recovered. CWC's policy for managing custodial credit risk is to adhere to the Money Management Act. The Act requires all deposits of CWC to be in a *qualified depository*, defined as any financial institution whose deposits are insured by an agency of the federal government and which has been certified by the Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council. As of June 30, 2023, all of CWC's bank balances were insured.

#### **Credit Risk**

Credit risk is the risk that the counterparty to an investment will not fulfill its obligations. CWC's policy for limiting the credit risk of investments is to comply with the Money Management Act. The Act requires investment transactions to be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities. Permitted investments include deposits of qualified depositories; repurchase agreements; commercial paper that is classified as "first-tier" by two nationally recognized statistical rating organizations, one of which must be Moody's Investor Services or Standard & Poors; bankers acceptances; obligations of the U.S. Treasury and U.S. government sponsored enterprises; bonds and notes of political subdivisions of the State of Utah; fixed rate corporate obligations and variable rate securities rated "A" or higher by two nationally recognized statistical rating organizations as defined in the Act.

CWC is authorized to invest in the Utah Public Treasurer's Investment Fund (PTIF), an external pooled investment fund managed by the Utah State Treasurer and subjected to the Act and Council requirements. The PTIF is not registered with the SEC as an investment company, and deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah. The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses net of administration fees, of the PTIF are allocated based upon the participants' average daily balances.

The following are CWC's investments at June 30, 2023:

	Fair
Investment Type	<u>Value</u>
State of Utah	
Public Treasurer's	
Investment Fund (PTIF)	\$ <u>931,567</u>

The deposits and investments described above are included on the statement of net position as per the following reconciliation:

Deposits Investments	\$ 4,955 <u>931,567</u>
Total	\$ <u>936,522</u>
Cash and Cash Equivalents	\$ <u>936,522</u>
Total	\$ <u>936,522</u>

#### **NOTE 4 - PENSION PLANS**

#### **General Information about the Pension Plan**

Plan Description: Eligible plan participants are provided with pensions throughout the Utah Retirement Systems (URS). The Utah Retirement Systems are comprised of the following pension trust funds:

#### **Defined Benefit Plans**

- Public Employees Noncontributory Retirement System (Noncontributory System); is a multiple employer, cost sharing, public employee retirement system.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System) is a multiple employer, cost sharing, public employee retirement system.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the URS Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S., Salt Lake City, Utah 84102 or visiting the website: <a href="https://www.urs.org">www.urs.org</a>.

Benefits Provided: URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

#### **Summary of Benefits by System**

System	Final Average Salary	Years of service Required and/or age eligible for benefit	Benefit percent per year of service	COLA**
Noncontributory System	Highest 3 years	30 years any age 25 years any age* 20 years age 60* 10 years age 62* 4 years age 65	2.0% per year all years	Up to 4%
Tier 2 Public Employees System	Highest 5 years	35 years any age 20 years any age 60* 10 years age 62* 4 years age 65	1.5% per year all years	Up to 2.5%

<sup>\*</sup>with actuarial reductions

<sup>\*\*</sup>All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

Contribution Rate Summary: As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the URS Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of June 30, 2023 are as follows:

#### **Utah Retirement Systems**

Noncontributory System	<u>Employee</u>	<u>Employer</u>
15 - Local Governmental Division Tier 1	N/A	17.97%
Tier 2 DC Only 211 Local Government	N/A	6.19%

Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For the fiscal year ended June 30, 2023, the employer and employee contributions to the Systems were as follows:

	Employer	Employee	
System	Contributions	Contributions	
Noncontributory System	\$ -	N/A	
Tier 2 Public Employees Syster	n 16,162	N/A	
Tier 2 DC Only	6,249	N/A	
Total Contributions	\$22,411		

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

Combine Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, we reported a net pension asset of \$0 and a net pension liability of \$19,743.

	Net F	Measurement Date: December 31, 2022  Net Pension Net Pension Proportionate Asset Liability Share				Proportionate Share December 31, 2020	Change (Decrease)
Noncontributory System Tier 2 Public Employees	\$	-	\$ 15,056	-	0.0087903%	0.0112878%	(0.0024975)%
System	\$ \$	<u></u>	\$ 4,687 \$ 19,743		0.0043042%	0.0043654%	(0.0000612)%

The net pension asset and liability was measured as of December 31, 2022, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2022, and rolled forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2023, we recognized pension expense of \$19,682.

At June 30, 2023, we reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of	Deferred Inflows of		
	Resources	Resources		
Differences between expected and actual experience	\$ 6,690	<b>\$ 186</b>		
Change in assumptions	3,989	72		
Net difference between projected and actual earnings				
on pension plan investments	11,821	-		
Changes in proportion and differences between				
contributions and proportionate share of contributions	1,708	2,431		
Contributions subsequent to the measurement date	11,233	<u>-</u> _		
Total	\$ <u>35,442</u>	\$ <u>2,689</u>		

\$11,233 was reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2022.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions, will be recognized in pension expense as follows:

Year Ended December 31,	Net Deferred Outflows (inflows) of Resources
2023	\$ (2,704)
2024	\$ 356
2025	\$ (4,903)
2026	\$ 16,973
2027	\$ 432
Thereafter	<b>\$ 1,561</b>

Noncontributory System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended June 30, 2023, we recognized pension expense of \$10,683.

At June 30, 2023, we reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Differences between expected and actual experience	\$ 5,107	\$ -
Change in assumptions	2,467	60
Net difference between projected and actual earnings		
on pension plan investments	9,931	-
Changes in proportion and differences between		
contributions and proportionate share of contributions	170	1,586
Contributions subsequent to the measurement date	<u>-</u>	<u>-</u>
Total	\$ <u>17,675</u>	\$ <u>1,646</u>

\$0 was reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2022.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions, will be recognized in pension expense as follows:

Year Ended December 31,	Net Deferred Outflows (inflows) of Resources
2023	\$ (2,985)
2024	\$ (224)
2025	\$ 3,989
2026	\$ 15,250
2027	\$ ´-
Thereafter	\$ -

Tier 2 Public Employees System Pension and Deferred Outflows and Inflows of Resources

For the year ended June 30, 2023, we recognized pension expense of \$8,999.

At June 30, 2023, we reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Outflows of	Inflows of Resources		
	Resources			
Differences between expected and actual experience	\$ 1,583	<b>\$ 186</b>		
Change in assumptions	1,522	12		
Net difference between projected and actual earnings				
on pension plan investments	1,890	-		
Changes in proportion and differences between	·			
contributions and proportionate share of contributions	1,538	846		
Contributions subsequent to the measurement date	11,233	_		
Total	\$ <u>17,766</u>	\$ <u>1,044</u>		

\$11,233 was reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2022.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions, will be recognized in pension expense as follows:

Year Ended December 31,	Net Deferred Outflows (inflows) of Resources
2023	\$ 282
2024	\$ 580
2025	\$ 914
2026	\$ 1,723
2027	\$ 432
Thereafter	<b>\$ 1,561</b>

Actuarial Assumptions: The total pension liability in the December 31, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50 Percent

Salary increases 3.25 – 9.25 percent, average, including inflation

Investment rate of return 6.85 percent, net of pension plan investment expense,

including inflation

Mortality rates were adopted from an actuarial experience study dated January 1, 2020. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using 80% of the ultimate rates from the MP-2019 improvement assumption using a base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2022 valuation were based on an experience study of the demographic assumptions as of January 1, 2020 and a review of economic assumptions as January 1, 2021.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Expected	Return Arithmetic Basis				
Asset Class	Real Return I Target Asset Arithmetic I					
Equity securities	35%	6.58%	2.30%			
Debt securities	20%	1.08%	0.22%			
Real assets	18%	5.72%	1.03%			
Private equity	12%	9.80%	1.18%			
Absolute return	15%	2.91%	0.44%			
Cash and cash equivalents	0%	(0.11)%	0.00%			
Totals	100%		5.17%			
	Inflation		2.50%			
	Expected arith	xpected arithmetic nominal return				

The 6.85% assumed investment rate of return is comprised of an inflation rate of 2.50% and a real return of 4.35% that is net of investment expense.

Discount Rate: The discount rate used to measure the total pension liability was 6.85 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current, active, and inactive employees.

Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate.

Sensitivity of the proportionate share of the net pension asset and liability to changes in discount rate: The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.85 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.85 percent) or 1-percentage -point higher (7.85 percent) than the current rate:

	1%	Discount	1%
	Decrease	Rate	Increase
System	(5.85%)	(6.85%)	(7.85%)
Noncontributory System	\$ 94,885	\$ 15,056	\$( 51,646)
Tier 2 Public Employees System	20,479	4,687	(7,479)
Total	\$115,364	\$ 19,743	\$( 59,125)

Pension plan fiduciary net position: Detailed information about the pensions plan's fiduciary net position is available in the separately issued URS financial report.

#### NOTE 5 - DEFINED CONTRIBUTIONS SAVINGS PLANS

The Defined Contribution Saving Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue Code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

Central Wasatch Commission participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

401(k) Plan 457(b) Plan Roth IRA Plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended June 30, were as follows:

401(k) Plan	2023	2022	2021
Employer Contributions	\$10,277	\$ 9,420	\$ 8,579
Employee Contributions	\$ -	\$21,607	\$20,992
457 Plan			
Employer Contributions	\$ -	\$ -	\$ -
Employee Contributions	\$ 980	\$ 650	\$ 580
Roth IRA Plan			
Employer Contributions	N/A	N/A	N/A
Employee Contributions	\$ 1,980	\$ 1,430	\$ 1,325

#### **NOTE 6 - FIXED ASSETS**

Capital asset activity is summarized as follows:

	<u>July 1, 2022</u>	<u>Increases</u>	<u>Decreases</u>	June 30, 2023
Depreciable capital assets Equipment Total depreciable capital	\$ 6,700	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,700</u>
assets at historical cost	<u>\$ 6,700</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,700</u>
Less accumulated depreciation Equipment Total accumulated depreciation	\$ 6,700 \$ 6,700	<u>\$ -</u> \$ -	<u>\$ -</u> \$ -	\$ 6,700 \$ 6,700
Depreciable capital assets, net of accumulated depreciation	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

#### **NOTE 7 - ECONOMIC DEPENDENCY**

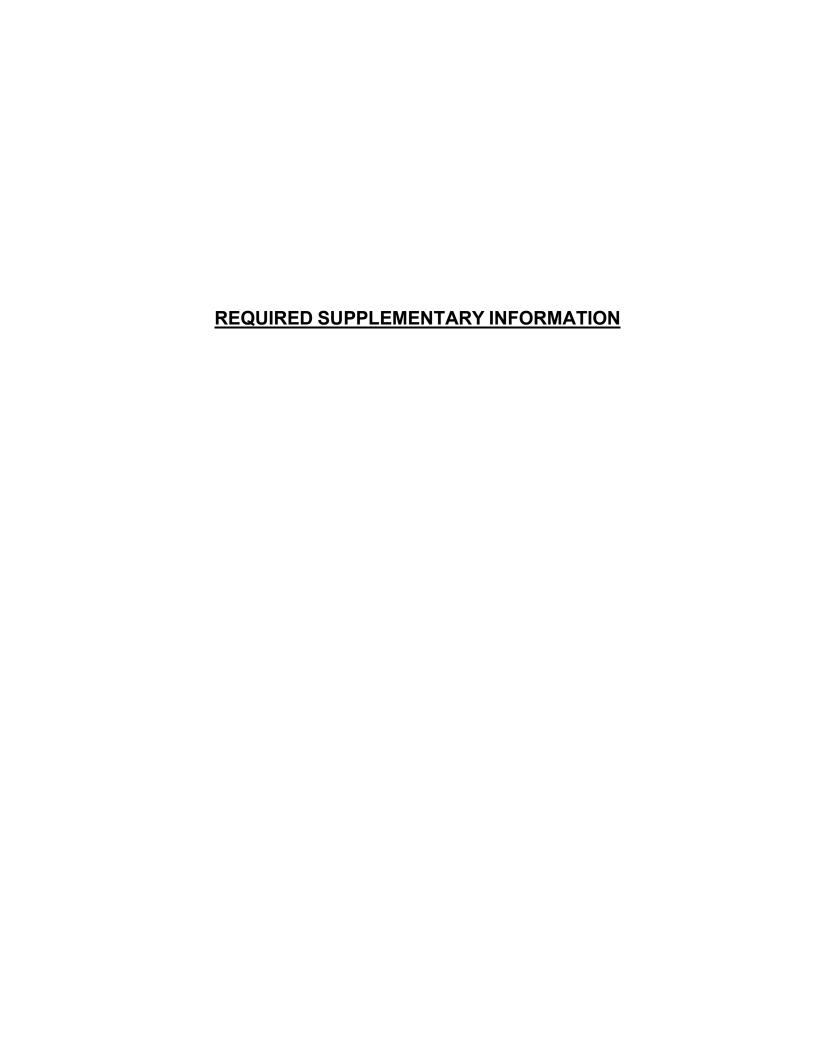

CWC depends upon the continued financial support of Members. The Members have committed to remit funds sufficient to cover the operating expenses of CWC.

#### **NOTE 8 - RISK MANAGEMENT**

CWC is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. CWC obtained liability insurance through the Utah Local Governments Trust. No claims have been paid in the current or prior three years.

#### **NOTE 9 – SUBSEQUENT EVENTS**

In preparing these financial statements, CWC has evaluated events and transactions for potential recognition or disclosure through August 18, 2023, the date the financial statements were available to be issued.

# SCHEDULE OF THE PROPORTIONATE SHARE OF THE NET PENSION LIABILITY UTAH RETIREMENT SYSTEMS JUNE 30, 2023

Measurement Date as of December 31 Last 10 Fiscal Years \*

		Non- contributory System	Tier 2 Public Employees System

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Chair Members of the Commission Central Wasatch Commission

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Central Wasatch Commission (CWC), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise CWC's basic financial statements and have issued my report thereon dated August 18, 2023.

#### Report on Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered CWC's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of CWC's internal control. Accordingly, I do not express an opinion on the effectiveness of CWC's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether CWC's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE STATE COMPLIANCE AUDIT GUIDE

Honorable Chair Members of the Board Central Wasatch Commission

#### REPORT ON COMPLIANCE WITH GENERAL STATE COMPLIANCE REQUIREMENTS

I have audited Central Wasatch Commission's (CWC) compliance with the applicable state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor, for the year ended June 30, 2023.

State compliance requirements were tested for the year ended June 30, 2023 in the following areas:

Budgetary Compliance Fund Balance Fraud Risk Assessment Utah Retirement Systems

#### **Management's Responsibility**

Management is responsible for compliance with the state requirements referred to above.

#### Auditor's Responsibility

My responsibility is to express an opinion on CWC's compliance based on my audit of the state compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state compliance requirements referred to above that could have a direct and material effect on a state compliance requirement occurred. An audit includes examining, on a test basis, evidence about CWC's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each state compliance requirement referred to above. However, my audit does not provide a legal determination of CWC's compliance with those requirements.

#### **Opinion on Compliance**

In my opinion, Central Wasatch Commission complied, in all material respects, with the state compliance requirements referred to above for the year ended June 30, 2023.

#### REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of CWC is responsible for establishing and maintaining effective internal control over compliance with the state compliance requirements referred to above. In planning and performing my audit of compliance, I considered CWC's internal control over compliance with the state compliance requirements referred to above to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with those state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of CWC's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions to prevent, or detect and correct, noncompliance with a state compliance requirement on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a state compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Purpose of Report**

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control and compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.
