The General Plan planning process is coming to a close. Over the last two years, we have been discussing major issues in the Wasatch Canyons and how to address them. Now we have our first Public Draft of the plan!

We are looking for your input on the Wasatch Canyons General Plan. Specifically, we will be using these open houses to dive into the goals, strategies, and policies, asking for your input and evaluation. Stop by either of our Community Open Houses or jump online to review the draft plan and provide your feedback. All meetings will cover the same information.

Can't make it? Review the draft plan all month at the project website below:
